

ACME CORP CUSTOMER HANDBOOK

Revision 7, published March 2026.

This handbook describes billing, support and onboarding policies for all Acme Corp customer tiers. It supersedes all previous revisions.

Questions about this document should be directed to the Customer Operations team.

SECTION 1: REFUNDS AND BILLING

Standard customers may request a refund within 14 days of purchase. Refunds are issued to the original payment method and take 5 to 7 business days to appear.

Enterprise customers may request a full refund within 45 days of the invoice date. Enterprise refunds require written approval from an account director.

Partial refunds are not offered for annual plans.

SECTION 2: SUPPORT COMMITMENTS

Standard customers receive email support with a response target of one business day.

Enterprise customers receive priority support with a 2-hour response SLA during business hours, and a 4-hour response SLA outside them.

The support portal is available at all times except during scheduled maintenance windows.

SECTION 3: ONBOARDING

The onboarding process for enterprise accounts takes approximately three weeks from contract signature.

Onboarding includes data migration, single sign-on configuration, and two training sessions for up to twenty five named users.

Standard accounts are self-serve and activate instantly.

APPENDIX A: ERROR CODES

ERR_2043 indicates that the uploaded file exceeded the maximum permitted size. Reduce the file size and retry.

ERR_3011 indicates an expired authentication token. Sign out and sign back in to obtain a new token.

ERR_5502 indicates a temporary upstream outage. These resolve without customer action, usually within minutes.
